

## Kennedy Ends French Visit in Confidence

By JOHN M. HIGHTOWER

PARIS (AP)—President Kennedy said today he was concluding his three-day policy conference with French President Charles de Gaulle with a feeling "of confidence and hope."

Speaking at a press luncheon, the U.S. chief executive said the most striking impression he would carry from France was of the vitality and dynamism of the French people.

He said he was very happy to express publicly his appreciation of De Gaulle's qualities of leadership.

Referring to specific policy issues of the cold war, Kennedy declared the United States still hopes to reach agreement with the Soviet Union in Geneva on a treaty banning nuclear weapons tests.

Kennedy also praised Britain and France for their "wise and sympathetic policies" toward the newly independent countries which were their former colonies. He said these British and French policies have strengthened the free world.

"The time has now come," Kennedy said, "for the free world to unite more closely than ever to fight misery in those portions of the world—the southern half of the globe—where 'liberty is under pressure.'"

Kennedy said he expects to discuss the Berlin question in Vienna Saturday and Sunday with Premier Khrushchev and declared he and De Gaulle were agreed that Western rights in Berlin must not be altered by force.

The President declared it must be made clear—presumably he meant made clear to Khrushchev—that "we are determined" to resist aggression to whatever force might be necessary.

In a speech earlier in the day the President said the United States is determined to strengthen its forces in Europe to guard the freedom of this part of the world.

"The United States of America intends to bear its full part," Kennedy told several hundred officers and civilians standing in the rain outside NATO military headquarters SHAPE just outside Paris.

Referring to U.S. participation in the two world wars and in the North Atlantic Treaty Organization, the President said the United States three times in this century had demonstrated that its own security "must inevitably be linked with the security of a free Europe."

"We are determined to maintain and strengthen the forces we now have stretched across Europe to defend this part of the world, whose security affects the security of our own country," Kennedy declared.

Kennedy visited the headquarters of U.S. Gen. Lauris Norstad, NATO's supreme commander, before his concluding talks with De Gaulle.

De Gaulle and Kennedy talked for an hour and five minutes then for the first time in their series arrived this morning from Washington; Soviet Affairs expert Charles Bohlen and Foy Kohler of the State Department; James M. Gavin, the U.S. ambassador to France; French Premier Michel Debre; Foreign Minister Maurice Couve de Murville and

## Builders Are In Favor of Faubus Bonds

LITTLE ROCK (AP)—The Arkansas State Building and Construction Trades Council Thursday stamped its approval on Gov. Orval E. Faubus' proposed \$60 million construction bond program.

Support came in spite of Faubus' refusal to commit himself to a prevailing wage scale for the construction projects.

V. H. Williams, secretary-treasurer, said the executive board of the 25,000-member council felt the construction program would aid the state's economy and believed the projects are needed.

"In this period of unemployment we cannot overlook the tremendous impact this building program will have on the economy of the state in the creation of thousands of new jobs," Williams said.

"We feel that this program," he continued, "will provide needed facilities for the state colleges and University, children's Colony, State Hospital and other institutions."

Williams said Faubus was sympathetic toward the prevailing wage request but declined to commit himself on the matter other than to point out that many of the projects covered by the bond proposal would be matched by federal funds.

A prevailing wage rate automatically applies to projects covered by federal funds.

With Williams at the meeting with Faubus were board members L. B. Freeman and W. C. Webb of Little Rock, Lloyd Brammer and Tom Self of Fort Smith and Carle Dicuz and Cliff Ussery of Hot Springs.

Also on hand was state Labor Commissioner Clarence Thornbrough.

## State Printing Bids

LITTLE ROCK (AP)—Bids on 1961-63 biennial printing and stationery contracts for all state agencies and departments will be opened June 30, Secretary of State Nancy Hall said Thursday. She estimated the cost of the contracts at about \$900,000 in each of the two years, above the \$853,099 cost in the fiscal year ended June 30, 1960.

## Charge Filed on Judge at Paragould

PARAGOULD, Ark. (AP) —

Municipal Judge John Watkins of Paragould, charged with tampering with a Greene Circuit Court jury, said Thursday that when the time comes he will prove that the state's witness "is a bare-faced liar."

Warrants served Wednesday charged Watkins with embezzlement and tampering with the jury which convicted Arnold Edens, president of United Enterprises of Paragould, on charges of false pretense and overdraft last month.

Embezzlement—a misdemeanor—is an attempt to influence a jury by improper inducement. Tampering with a jury is a felony.

Carter Smith, a Paragould mechanic, pleaded guilty May 22 to a charge of jury tampering in the Edens case. Greene County Sheriff Woodrow Davidson said Smith implicated Watkins. Sentencing of Smith was postponed pending the outcome of the charges against Watkins. No date for a hearing has been set.

Watkins is free under \$4,000 bond.

Davidson said an unidentified informant went to Prosecuting Attorney Todd Harrison May 19 to report the attempt to influence the jury.

Davidson quoted the informant as telling Harrison that Smith told jury member J. D. Dehart he could make some money if he forced a hung jury at Edens' trial.

The jury found Edens guilty of false pretense and overdraft, but left sentencing up to the court.

Circuit Judge Edward Maddox on May 25 sentenced Edens to an 11-year prison term on false pretense and to a six-year term for overdraft. The sentences were to run concurrently.

Edens' attorney filed notice of appeal and he was freed on \$40,000 bond.

The false pretense count involved a \$100,000 rice dryer at Walnut Ridge owned by Mr. Mrs. John Recker of Walnut Ridge and Mr. and Mrs. Raymond Recker of Peach Orchard, in Greene County.

## Judge Orders Riders to Halt Alabama Tests

By THE ASSOCIATED PRESS

A stern federal judge today ordered four "Freedom Rider" organizations to stop their tests of racial barriers in Alabama pending further court action.

At the same time, U.S. District Judge Frank M. Johnson Jr. issued a sweeping no-bus-violence order at Montgomery, Ala., against Montgomery police, the Ku Klux Klan and four individuals.

And, in strong words, he threatened to jail Negro as well as white leaders if racial rioting breaks out here again.

Johnson issued a temporary injunction to compel Montgomery, Ala., police to protect "Freedom Riders" in the future.

Johnson also continued in effect an existing no-violence restraining order against two Ku Klux Klan factions and three individuals, and put a fourth individual under injunction.

The judge granted a temporary injunction to prohibit rider sponsors—including the Congress of Racial Equality (CORE), from interfering with interstate bus travel.

In his order against Police Commissioner L. B. Sullivan and Chief G. J. Ruppenthal, the judge prohibited them from refusing or failing to provide protection for segregation-challenging riders or other interstate passengers.

The Justice Department, which asked for the injunction, had accused police of deliberately failing to protect riders from a mob which attacked them here May 20. Federal attorneys also blamed the Klan for the violence here and at Birmingham and Anniston, Ala.

Besides the police and the Klan, the court continued injunctions against two widely known Klan figures, Robert M. Shelton of Tuscaloosa, Ala., and the Rev. Alvin Horn of Talladega, Ala.

He also put injunctions into effect against a former Montgomery reserve policeman Claude V. Henley, and another Montgomery resident, Thurman Outz.

The court orders prohibit the KKK and the individuals from any act to interfere with interstate bus movement.

After a false bomb threat, seven more "Freedom Riders" sat in a white waiting room in Montgomery, Ala., today, then left 37 minutes late on a Trailways bus for Jackson, Miss.

Another group of seven was scheduled to depart for Jackson later.

Uniformed city police and sheriff's deputies kept a tight guard on the downtown bus station to prevent disorder. Some FBI men were seen in the terminal.

The four Negro and three white riders made no attempt to eat at the white lunch counter used by earlier groups of racially mixed segregation challengers.

An anonymous caller telephoned the terminal that a bomb had been put there shortly before the bus was scheduled to pull out. Police and firemen searching the building found nothing.

Numerous such threats have been made in Montgomery since racial violence broke out 13 days ago.

A spokesman for the Congress of Racial Equality (CORE) who accompanied the first group to the bus station today, said two Negro women used the white restroom before leaving the terminal.

## Premature in Beverage Tax

LITTLE ROCK (AP)—Some retail liquor stores have raised prices on wine a week before a new law providing for price increases takes effect.

The law passed by the 1961 Legislature and providing for a markup of 18 per cent instead of 13 per cent on wine goes into effect June 8. But wholesalers' price lists approved by the Alcoholic Beverage Control Board for the period beginning Thursday provide for the higher prices.

ABC Director Rella Fitch said some retailer apparently were not told that the new price lists did not take effect until June 8.

The difference in retail price is about 5 to 15 cents a bottle.

## \$14 Billions Set Up for Agriculture

WASHINGTON (AP) — The House Appropriations Committee today went on its biggest spending spree of 1961 recommending \$14.41 billion in new funds for the Agriculture Department and 23 independent federal agencies.

The total, included in two separate bills slated for House action next week, was \$342.14 million less than President Kennedy had requested but \$1.85 billion more than the fiscal year starting July 1.

The committee recommended \$5.98 billion for various agriculture programs and \$8.43 billion for the 23 independent offices, largest of which is the Veterans Administration which was given \$4.88 billion.

The committee's action followed House approval Thursday of a bill appropriating 751.3 million to the State and Justice departments, the federal courts, the Civil Rights Commission, and the U.S. Information Agency.

In all, it brought to nine the number of money bills on which the committee has acted this year. Seven of them have passed the House but only two have passed the Senate and been sent to the President.

## Faubus Sets June 27 for Vote on Bonds

LITTLE ROCK (AP)—Gov. Orval E. Faubus today set Tuesday, June 27, for a statewide special election on his proposed \$60 million construction bond issue.

Faubus said he picked the date because it was likely that by that time the state Supreme Court will have ruled on a challenge of his companion \$14.5 million omnibus bill.

Faubus said, "It is already well known that a special session of the legislature will be necessary if the people of the state should disapprove the building program or if the state Supreme Court should rule adversely on Act 442 (the omnibus law)."

He added, that if a special session is needed, both issues should be determined before legislators are called back.

Faubus said that had he waited much later for an election date, it would have conflicted with the July 4 holiday and summer vacations.

The Arkansas Education Association, which is opposing the bond proposal, has already started a drive to obtain absentee ballots for school teachers who will be out of the state on summer holidays.

Faubus said he wanted to set a date as close to July 1 as possible because the omnibus bill contains some important appropriations for the new fiscal year, which starts July 1.

Should the Supreme Court rule that the law is unconstitutional, a special session would have to make new appropriations of funds in the bill.

Pulaski County Rep. J. H. Cottrell filed suit contending that the omnibus law violates a constitutional requirement for separate appropriations bills. A lower court upheld the law.

Faubus said only a favorable ruling from the Supreme Court coupled with approval of the bond issue would prevent a special session.

Along that line, Faubus coupled the bond election with votes to fill two General Assembly vacancies, one in Conway County caused by the death of Rep. Clay Brazil and that in Madison County caused by the resignation of Rep. A. C. Mowery Jr. Special elections to fill the vacancies will be held in the two counties simultaneously with the bond election.

Faubus has halted all state construction since the challenge of the omnibus bill, saying that the suit had tied up funds for state work.

The bond issue would provide funds over a four-year period for construction at the University of Arkansas, state colleges, State Hospital, Children's Colony and some other agencies. The schools would get the bulk of the money.

Faubus' bond proposal replaced an earlier \$52 million bond issue plan backed by college presidents which was rejected by the legislature, largely because it called for a one-cent soft drink tax to finance the bonds.

The \$60 million proposal would be financed partly by revenue from an added extra 12 days of horse racing at Hot Springs and additional funds from more stringent use tax exemptions. Foes claim these sources would not provide enough money to support the bonds.

Under the proposal, \$20 million in bonds could be issued after July 1, with issuance of more bonds subject to the availability of revenue to support them.

## Negroes in Pressure to Housing Area

SAN FRANCISCO (AP) — Negroes are applying to a San Francisco real estate development of \$32,000 homes their sit-in technique of protesting segregation.

"Our people have been locked out when they attempt to look at the Forest Knolls model home," said Terry Francois, chapter president of the National Association for the Advancement of Colored People.

But the lockout keeps potential white home buyers away, too. "So we'll have somebody here every working hour," Francois declared Tuesday when 15 whites joined about 20 Negroes in the sit-in protest on the slopes of Mt. Sutro.

The sit-in procedure started Sunday in support of Willie L. Brown, Jr., 27, an attorney, who attempted to buy a home in the development of the Standard Building Co.

Brown runnerup in the San Francisco Junior Chamber of Commerce distinguished service award competition last year, said he wanted to move nearer his law offices.

Brown said the salesmen refused to talk about selling a house and left the model home area.

Throughout Sunday and Memorial Day, normally busy days for house hunters, the model home

## Cardinal Accuses Polish Regime

WARSAW, Poland (AP)—Stefan Cardinal Wyszyński accused the Polish Communist regime today of violating his rights as Roman Catholic primate of Poland.

The cardinal angrily denounced restrictions recently placed on public religious processions.

A crowd estimated to number 125,000 filled the broad avenue and side streets near war-scarred St. Anne's church to hear the cardinal's message broadcast over loudspeakers set up in defiance of a three-year-old official ban.

In his five-minute address, the Polish primate alluded to a recent restriction placed on religious processions during the eight-day period following Corpus Christi. Communist authorities had their plan on a recent Vatican reform measure abolishing liturgical observances after the holy day.

Ring of Cash Register May Help

By HELEN WORDEN ERSKINE

Dear Helen: Is there such a thing as being too good to your children? We have a married daughter upon whom we lavished expensive clothes, spending money, good times—all she wanted and more. We hoped she would go to college; instead she worked a year then married a boy she had known in her school days.

Now they live in a furnished home of ours free of charge but she never writes even a word to say whether she is alive or not. We see her once or twice a month but I would appreciate a letter between times. I worked for years to buy her things.

Maybe my husband and I spoiled her. If so, what can we do about it? —A Mother

Dear "A Mother": To over-indulge your children is no kindness to them or to you.

Obviously you are still spoiling your daughter. Why the "rent free" furnished house? Your son-in-law should pay rent for it and, if he can't make the grade alone, your daughter should go back to work and help pay for it.

If you can't ring up the cash register, they won't value what you've already done, \$ much less respect you. Call a halt on your give-away program now and see your daughter change—for the better.

Dear Helen: What would you advise a legally separated woman with six and seven-year-old boys, who feel the need of a family unit, to do? My husband has no need for a wife, no time to be a father. There are no close relatives with whom we can live. To look for a second husband unless the circumstances were unusual, would be unfair to my sons—and to the man. My children and I are closely tied by love, yet our life is incomplete. Should we consider taking an elderly woman into our home? Should we ally ourselves with a boys' school or religious community? —M. R.

Dear M. R.: The conventional answer would be, "Return to your

husband, determined to make a go of marriage for your children's sake." I cannot in all conscience advise you to do this, having seen too many warmed-over marriages crash.

A "legally separated woman" is neither fish, flesh, nor fowl. So long as you are bound by law to a husband with whom you do not live, the past will cast its shadow upon you and your children. Taking the elderly woman into your home multiplies the problem. Fusing of different generations rarely works. To ally yourself with a boys' school or religious community is hardly the answer for a young, intelligent mother. Stay in the stream of life for your sake and theirs. Don't be afraid to take a chance. Send a stamped, self-addressed envelope for my leaflet, "Women at Work."

Send your problems to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "The Ideal Wife."

other high-ranking French advisers.

Previously the two presidents had conferred with only interpreters present.

The U. S. President flies to Vienna Saturday for a two-day conference with the Soviet leader. He intends to emphasize to Khrushchev that the Western Allies want to improve East-West relations and to negotiate a disarmament agreement but are fully determined not to yield to Communist threats or pressures on West Berlin or any other disputed point.

Kennedy's final policy session with De Gaulle was a two-hour morning meeting at the Elysee Palace. Their main subject for

THIS SESSION WAS THE NORTH ATLANTIC ALLIANCE, about which the French and U. S. Presidents are known to hold some sharply different views.

Meanwhile, a top team of U. S. diplomatic advisers gathered in Paris to accompany Kennedy to Vienna. Secretary of State Dean Rusk flew from Washington. J. McWellyn Thompson, the ambassador to Moscow, arrived late Thursday. Roving Ambassador Averell Harriman, the U. S. delegate to the Geneva conference on Laos, was due this afternoon.

U. S. and French officials said Kennedy and De Gaulle were very pleased with the results of their talks. Diplomats reported that the 70-year-old French president obviously was favorably impressed with his 44-year-old ally.

Already their spokesmen have announced agreement on Berlin policy. It was understood the two leaders decided Kennedy would make clear to Khrushchev that the Western powers will protect West Berlin and defend fully their rights of access to the city across Communist East Germany.

The spokesmen reported Kennedy and De Gaulle discussed political and economic problems of Latin America and Africa at their sessions Thursday.

The U. S. President was believed to have expressed the hope that France would work for a larger European role in assisting the Latin-American countries to

raise their living standards.

It was also believed he assured De Gaulle that the United States, contrary to some French fears, has no intention of expanding its own influence in Africa at the expense of French interests there.

Kennedy has also spoken more than his predecessors. Presidents Eisenhower and Truman, about a necessity for the Atlantic allies to accept global responsibilities—a concept that in principle at least would seem to appeal to De Gaulle.

The social side of the Kennedy visit reached its climax Thursday night with a resplendent banquet in the historic Hall of Mirrors at the Palace of Versailles, followed by a gala ballet performance for some 600 guests in the palace's Louis XV theater.

At the dinner, Mrs. Kennedy paid a surprise tribute of her own to France, wearing a white silk gown and matching coat created for her by Paris designer Hubert Givenchy. Advance word on her wardrobe had been that she would wear only American fashions during her visit, and the presence of the new Paris creation in her luggage had been a closely guarded secret.

# Tigers Hold to Lead, Boston Beats Yanks

By THE ASSOCIATED PRESS

The Detroit Tigers were held to a 4-4 tie by Kansas City in a game called after 7½ innings because of rain Thursday and retained a two-game lead over the Cleveland Indians in the American League race. Boston beat New York 7-5 and Washington defeated the Los Angeles Angels 3-2 in the ninth inning on a passed ball by catcher Earl Averill with two out and a two-run pinch double by Gene Woodling.

In the National League, Cincinnati was idle but gained a half-game lead when San Francisco was knocked out of a share of by a 7-6 loss to St. Louis. Pittsburgh rapped Milwaukee 3-2 in a game held to seven innings because of rain, and the Chicago Cubs walloped Philadelphia 10-3. The Senators were blanked on five hits for eight innings by Eli Grba. But when he gave up his fifth walk, to Chuck Hinton leading off the ninth, Manager Bill Rigney called in reliever Ryno Duren.

Duren walked Jim King, then struck out Willie Tasby. But the Senators pulled a double steal and Dale Long hit a sacrifice fly. Then came the third strike-passed ball that put Billy Klaus on base and the break up shot by Woodling who hasn't played in two weeks because of a leg injury.

John Gabler, another ex-Yankee, won his second in relief of Joe McClain.

The Tigers blew a 3-0 lead before salvaging the tie with the A's on two walks and a single by Al Kaline in the seventh. Kansas City had taken the lead with four runs in the fifth, two on Wayne Causey's home run, against Phil Regan. Norm Cash homered for Detroit, off Ray Herbert.

Veteran Vic Wertz puffed out his first triple in six seasons and drove in three runs for the Red Sox, bringing in the deciding run in the fifth inning. Bob (3-3) was the loser. Bill Skowron drove in three runs with a pair of homers in the last two innings. Bill Monbouquette (4-3) was the winner. He gave up 11 hits in 7-2-3 innings, including Skowron's first homer—the first he had allowed in 76 innings.

# Dickinson Is Making Advice Pay

MEMPHIS (AP) — Advice from the top may be finally paying off for Gardner Dickinson whose new record tying 63 made him the man to beat going into today's second round of the \$30,000 Memphis Open Golf Tournament.

Dickinson, a slightly built pro, took a tip from PGA champion Jay Hebert and used it in fashioning Thursday's round of 30-33 that gave him a one-stroke lead over Don Whitt.

Four others, including defending champion Tommy Bolt, were next at 66 as 24 in the field of 91 pros and amateurs broke par over the 6,423-yard, 34-hole—70 Colonial Country Club course.

# Redlegs Gain as Cards Knock Out Giants

By THE ASSOCIATED PRESS

Cincinnati gained a half-game lead in the National League race while idle Thursday as St. Louis beat San Francisco 7-6 and knocked the Giants out of a first place tie. Pittsburgh rapped Milwaukee 8-2, in a game called after seven innings because of rain, and the Chicago Cubs beat Philadelphia 10-3.

In the American League, Detroit played a 4-4 tie with Kansas City, in a game held to 7½ innings by rain, and kept a two-game lead over idle Cleveland. Boston beat New York 7-5 and Washington defeated Los Angeles 3-2.

Milwaukee, given a tongue-lashing by Manager Charlie Dressen after some horse play on a bus, now has lost four of its last five games.

Lew Burdette took the rap in this one, and was tossed out of the game after arguing with Umpire Bill Jackowski. The flare up came when Jackowski disapproved of a high-tight pitch to Roberto Clemente the first Buc to face Burdette after Dick Groat had hit a two-run homer in the fourth inning.

Groat and Smoky Burgess, who hit two homers, each drove in three runs as the Pirates tagged Burdette (4-4) for seven of their 10 hits. A sacrifice fly by Frank Thomas and a single by Joe Torre drove in the Braves' runs before southpaw Harvey Haddix (4-1), allowing eight hits and striking out seven, started a run of six shutout innings.

Milwaukee traded utility infielder Billy Martin to the Minnesota Twins of the AL Thursday night. In his blow up, which followed Sunday's doubleheader split against last place Philadelphia, Dressen told the Braves "some of you guys won't be with us" after the June 15 trading deadline.

The Giants, down 6-0, almost pulled it out in the ninth against the Cards. Felipe Alou and Willie McCovey hit solo homers off reliever Lindy McDaniel before Al Cicotte came on and got Orlando Cepeda on a grounder for the final out. Cepeda had homered in the sixth off winner Ernie Broglio (5-5). The Cards scored five in the fifth off loser Mike McCormick (5-4), then scored the clincher on Julian Javier's single in the sixth against reliever Ed Fisher.

George Altman and Don Zimmer hit home runs and each drove in three runs as the Cubs won four in a row for the first time. Frank Sullivan (2-6) was the loser while Glen Hobbie won his third.
